

**ASIIP Council** is keen to revitalise the **Adlerian Family Network UK** (AFNUK) which was formed in 2007.

To support this process we would very much like to hear from members who have experience and/or an interest in Family Education, including parenting, from an Adlerian perspective. It is a vital area of our work. To honour James Hemmings and his wonderful bequest to us we need to ensure that we do what ever we can to be at the forefront of the 'Parenting' debate. We also need to be ready and able to promote our democratic principles of parenting which embrace respectful ways to teach self-discipline, promote mutual respect and understanding between generations.

If you wish to make your interest known please contact Rosemarie White on [chapelsquare@sky.com](mailto:chapelsquare@sky.com) to express it. Your interest will be most welcome. In that way you can contribute to an encouragement from Rudolf Dreikurs:

“We cannot protect our children from life, (we can support them in their) courageous search for a way forward.”
